

Introducing

**Kortex  
Arcturus**

The world-leading student  
learning content and  
engagement platform

# <Discover Kortext Arcturus

Provide your students with a study experience like no other with the Kortext Arcturus platform, a name born of the brightest star in the Northern Hemisphere, helping you to educate the next generation of difference makers.

Plugging seamlessly into your university's digital ecosystem, the Arcturus platform gives you access to our extensive catalogue of over 2 million eBooks from 4,700 academic publishers.

## <Re-engineered for scale

As part of our commitment to provide a best-in-class experience for our users, we have re-engineered our platform from the ground up to enhance future teaching and learning experiences for the global education community.

# <Delivering for your institution

Discover the **power**, **speed** and **extensive capability** of the Arcturus platform – enabling university libraries, academics and students to embrace the new digital learning landscape with ease.

## Seamless integration with your systems

The Arcturus platform will easily lock into your university tech systems – from the VLE to your reading list management system and library catalogues – however they are configured.

## Unlimited capacity

Built to accommodate unlimited users, the Arcturus platform can handle simultaneous use by every student and academic in the world and still deliver a seamless user experience.

## Power to boost productivity

Ultra-fast processing capability up to 3x faster than before delivers the power to get things done. Combined with rapid rendering, users can be at their most productive wherever they are.

## Easy platform exploration

With intuitive app-based navigation, experience a fluent user journey akin to the effortlessly rewarding end-to-end consumer tech accessed every day.

## Rock-solid stability

Promising consistent performance, the Arcturus platform can be counted on to always be available at the point of need, with first class uptime records.

## Data protection peace of mind

Kortext leverages the Microsoft Azure cloud hosting platform so our partners can benefit from unparalleled data security, so your student data is kept safe from aggressive parties.

## Intelligence and automation

View recommended content, deliver personalised learning experiences and facilitate knowledge consolidation through assessment and smart task assignment – powered by Arcturus' intelligence and automation services

## Reliable and robust backup systems

Our system is built with multiple redundancies so that, in the unlikely event of a failure in any part of the system, there is always a backup that allows the Arcturus platform to operate as normal.

## A commitment to sustainability

Our cloud-based platform is hosted in Microsoft's Azure datacentres, whose sustainability commitments are unrivalled, making Arcturus the most sustainable choice for your university.

# <Why the Kortext Arcturus platform?

The Arcturus platform powers a host of functionality for students, librarians and academics to deliver equitable and engaging learning experiences.

// With Kortext I felt confident that we had found a platform that offered us everything we needed, as well as a company who could support us and our students through this transition. We've been very happy with how things have gone this year and have received positive feedback from our academics. We're now working with Kortext to make the experience for next year even better... //
